1. Transport topics:
 - Fuel cell components, stacks and systems
 - Fuel Cell Electric Vehicles (FCEV)
 - Hydrogen Refueling Stations (HRS)
 - Aerospace, aviation, maritime and rail applications
2. Energy topics:
 - Hydrogen production
 - Hydrogen storage, handling and distribution
 - Fuel cell systems for CHP and UPS
 - Power to gas and Power to power
 - Portable applications
3. Cross-Cutting topics:
 - Codes and standards
 - Safety, Environment and Training
 - Companies, commercialization and markets strategies
 - Countries strategies, Hydrogen regions and cities

Abstracts Details

Abstracts must be submitted electronically through the EHEC 2021 registration platform: www.ehec2020.org

To submit an abstract, please read and follow carefully the instructions available in the registration platform. The abstracts template (which includes the instructions and formats for preparing the abstracts) is available [here](#).

The submitted abstracts will be reviewed by the EHEC 2021 Scientific Committee. Acceptance will be notified via e-mail. Accepted abstracts will be published in the Proceedings Book of the conference. Additionally, authors of accepted abstracts will have the chance to submit a full paper of their work that may be selected for publication in a special issue of the International Journal of Hydrogen Energy (IJHE).

Authors are advised that abstracts will not be included in the final programme unless registration documents and full payment is done from at least one of the authors (the defender of the abstract in the congress). **A maximum of 2 abstracts are allowed to submit by any single registration payment.**
